Amber Ale

“Amber Ale has a deep amber color topped with an ample two finger white head. With the faint citric hop aroma mixed with sweet caramel malt, the body supports a nice balance between malt and hop. It’s a medium bodied ale with a creamy mouthfeel that finishes very clean.”

Luna Coffee Stout

“Luna Coffee Stout pours pitch black with deep mahogany hues. With a solid, yet not overpowering aroma of coffee, you can still smell a hint of chocolate. The bold, rich taste of creamy coffee doesn’t overwhelm the rest of the flavors leaving a hint of chocolate to finish. On a cold winter night, you couldn’t ask for a better cold beer to warm you up.”
